## caretaking and key holding

No wonder we say "relax, we'll take care of it for you!" We hold your keys and regularly check your property to remove any concerns you have with your long distance ownership. We'll visit your property, provide reports, email pictures and work to resolve any problems that may arise.

## property maintenance

Our comprehensive service can be tailored to meet your needs. From initial refurbishment through to routine maintenance, we or our team of reliable local artisans and helpers can take care of as much or as little as you need. With years of experience in property management we can organise a wide range of jobs from decorating, tiling, concreting, electrical, roofing and so much more.

## gardening

Anything from a complete clearance and planting for the summer season, to simply keeping the grass (and perhaps more importantly, the weeds) under control - we'll do it for you. Using our own quality equipment saves you the cost and hassle of ensuring your own tools are serviceable and safe.

## pool maintenance

Looking after a pool requires specialist knowledge and use of chemicals to ensure it is correctly balanced before use. We can regularly maintain your pool, check the water quality and arrange servicing of the filtration system to ensure optimum operation.

## letting your home & managing changeovers

When it comes to welcoming guests and preparing your property for their arrival, we can make a real difference to the commercial success of your rentals. From clever advertising and marketing through to fixing that blocked shower, you can rely on us to help.

Why not let us prepare a local welcome pack for your guests on arrival and to remember you by.

## sourcing and liaising with artisans

When you need help with something that may be outside of our own skill set, we will source local artisans to work for you and we'll supervise the situation on your behalf. Your investment in the local economy will not go unnoticed and your reputation amongst your French neighbours will be enhanced.

## administrative and language help

With local contacts and language skills, we can iron out issues for you whether it involves dealing with utility providers, obtaining planning permissions (even retrospectively) or speaking to the Mairie (local town hall and administrative centre). We are able to arrange for legal translations of documents to be undertaken - including birth and marriage certificates, which are often requested by French authorities when setting up bank accounts, etc.
